COMMISSION

Dear Commissioners:

Subject: Docket No. 2006-0387  
MECO 2007 Test Year Rate Case  
Extension Request for Filing Calibration Factor Annual Report for Year 2009

The Stipulated Settlement Letter executed by Maui Electric Company, Limited ("MECO" or "the Company") and the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs (the "Consumer Advocate") (collectively referred to as the "Parties") and filed with the Commission on December 7, 2007 in the above subject proceeding, states in paragraph 7 that MECO will file annual reports on its calibration factor.

MECO respectfully requests an extension from March 15, 2010 until April 7, 2010 to file its calibration factor annual report for year 2009. The additional time is being requested because much of the same resources at MECO and Hawaiian Electric Company, Inc. are also working on the MECO 2010 Test Year Rate Case (Docket No. 2009-0163), as well as on negotiations with First Wind and Sempra Energy to integrate additional wind energy onto the Maui grid. As requested by the Consumer Advocate, the Company will also provide a *preliminary calibration factor report to the Consumer Advocate by March 19, 2010.*

If you have any questions, please call Dean Matsuura at 543-4622.

Sincerely,

Darcy L. Endo-Omoto  
Vice President  
Government & Community Affairs
